The prices below should help you calculate which of the indicated solutions fall within your budget. Leasing is available (US only) from [Commercial Lease Solutions](#) also known as [MrLease.com](#). They have an online lease calculator that will help you approximate your monthly payments (as low as \$1374 / month for a Single Actor Motion Captor system).

If you have questions, or need help putting together a motion capture system that best fits your needs and budget, please [contact](#) Meta Motion at 415-550-6382 or fill out a [sales form](#) for fast service.

MOTION CAPTOR	DESCRIPTION/INCLUDED ITEMS	PRICE
Motion Captor Single Actor System	4 camera/light/tripod setups, frame grabbers, controller box, markers, computers, calibration wand, plugins, manual. Non-real-time	\$53,995
Motion Captor RT Single Actor System	4 camera/light/tripod setups, frame grabbers, controller box, markers, computers, calibration wand, plugins, manual	\$59,995
Motion Captor Dual Actor System	6 camera/light/tripod setups, frame grabbers, controller box, markers, computers, calibration wand, plugins, manual. Non-real-time	\$71,995
Motion Captor RT Dual Actor System	6 camera/light/tripod setups, frame grabbers, controller box, markers, computers, calibration wand, plugins, manual	\$79,995
MOTION CAPTOR ADD-ON OPTIONS		
Additional 5 cameras	Turns Single Actor system into a 9 camera system. 5 camera/light/tripod setups, frame grabber	\$12,500
Additional 3 cameras	Turns Dual Actor system into a 9 camera system. 3 camera/light/tripod setups, frame grabber	\$8,000
Upgrade	Upgrade Single Actor RT (4 camera) to Dual Actor RT (6 camera)	\$20,000
FILMBOX SOFTWARE		
FILMBOX motioncapture	Industry famous powerhouse software for realtime feedback from multiple mocap input devices, along with exceptional tools for working with mocap data and creating keyframe animation	\$11,995
FILMBOX motioncapture support	1 year of support and upgrades for FILMBOX motioncapture	\$2400
ACCESSORIES FOR HAND CAPTURE		
5DT 5 sensor wired datagloves	5 sensor datagloves measure 1 bend per finger. Does not measure finger motion towards or away from each other.	\$495 R \$595 L
5DT 5 sensor wireless datagloves	5 sensor datagloves measure 1 bend per finger. Does not measure finger motion towards or away from each other.	\$995 R \$1095 L
5DT 14 sensor	14 sensor datagloves measure 2 bends per finger as	\$3,950 R

wired datagloves	well as fingers moving toward or away from each other.	\$3,950 L
5DT 14 sensor wireless datagloves	14 sensor datagloves measure 2 bends per finger as well as fingers moving toward or away from each other.	\$4,450 R \$4,450 L
Cybergloves	Very accurate 18 or 22 sensor gloves. Wired only	\$10K to \$14K+ ea.
ACCESSORIES FOR FACIAL CAPTURE		
AVSoft Face Tracker	Realtime capture of reflective markers attached to face. Includes drivers of FiLMBOX and 3D Studio MAX	\$6500
FamousVoice	FamousVoice provides an intuitive interface for animating faces using a system that converts an audio file into facial animations. As well as the easy clustering of models, FamousVoice also allows you to create facial animation using text as an input (synchronizing facial movement with syntetically generated audio).	\$995
FamousVideo	FamousVideo, when combined with the included vTracker program, provides an intuitive interface for animating faces by converting your camcorder into a facial motion system. Using a set of markers applied to the performer's face, you can track the movement (either live or from a saved .AVI file). FamousVideo also includes a 2D data input API as well as Famous' easy model clustering system.	\$1,995
FamousMoCap	FamousMoCap provides an intuitive interface for animating faces using Motion Capture as an input. As well as the easy clustering of models, FamousMoCap accepts Motion Analysis and Vicon MoCap data, and includes a 2D and 3D data input API	\$3,995
TRAINING		
2 days training	Recommended for Motion Captor. Includes 10 hours of Motion Captor support	*\$3,000
3 days training	Recommended for Motion Captor + FiLMBOX. Includes 10 hours of Motion Captor support	*\$4,000
4 days training	Recommended for Motion Captor + FiLMBOX + gloves/face. Includes 10 hours of Motion Captor support	*\$5,000
